Subject: Request for Original Certificate of Deposit Letter Agreement Account No: 178004842 in the Amount of \$30,000.00, Reclamation Contract and Addendum, Rockland Mine, Miracle Rock Mining & Research, M/015/040, Emery County, Utah

Dear Mr. Taylor:

In order to obtain Division approval of the recently submitted surety in the amount of \$30,000.00, the original certificate of deposit agreement letter must be received. At this time, the Division has a Facsimile received on August 11, 2006, which cannot be accepted. In addition, because the Notice of Intention for Large Mining Operations has not received Division approval, an addendum to the Large Mine Reclamation contract is required. This addendum is prepared by the Division, and will be emailed to dave@liveearth.com. Please sign and date the addendum and return the original to the Division, attention Mineral Regulatory Program. A reclamation contract for a large mine is required as well. This contract must be signed and notarized by a company officer with signature authority. Please look for the reclamation contract via email. Return the original to the Division, attention Minerals Regulatory Program.

Release of the existing cash escrow account number 8911949 with Zions Bank cannot occur until the \$30,000 certificate of deposit and associated contract and addendum, receives Division approval.
